

ABOUT THE KSFCA

The Kenosha Sportfishing and Conservation Association is a not-for-profit organization dedicated to the protection and proper utilization of the Great Lakes resources. Established in 1969 by local family fisherman, we continue to focus on conservation of the Great Lakes. For over 40 years the KSFCA has worked to support our community and the Great Lakes through various activities and educational programs. Some current examples include: kids fishing programs, fly tying classes, Pike river clean-up efforts, and stocking Lake Michigan with over 40,000 Chinook salmon annually.

If you would like to support these activities, please contact us by phone, mail, or email. We welcome anyone interested in becoming a member. If you are not interested in becoming a member, but would still like to support these important activities in our community, we do accept financial donations.

OUR MISSION

The KSFCA is a not-for-profit service organization chartered to support and promote sport-fishing, and all conservation projects related to such fishing. We communicate with the public regarding projects necessary to create the best possible sport-fishery in this area, and solicit their support.

Loaner lifejackets, a cooperative program between the KSFCA, DNR, and various sponsors

The KSFCA works to support conservation projects and assist in conservation projects sponsored by the Department of Natural Resources and the City of Kenosha, that are in accord with our beliefs. The KSFCA is also in close contact various government entities to sponsor and/or support legislation to improve sport-fishing and conservation.
