Scales & Tales

Fish-N-Fun Committee: See page 2 for the 1011 Fish-N-Fun event. Just over 100 visitors went through the classes. The committee did a outstanding job preparing and executing the plan. All sponsors and individual's donations were card for properly. Fish were caught and smiles were plenty. The Fish-N-Fun committee and other KSFCA members who helped work this event can rest easy. Thank You all for making this event another success. A anonymous donation of \$500.00 went to the club for this event. The donor says "Thanks for holding the event even through such economically tough times for everyone".

Contest Committee: Rules are on page 3. Make sure to read them through. Point system has changed along with check in procedure. Use channel 8 on the lake. Remember to contact Mark D'Aloia if you take a "guest" for the 10 point's. Or if you wish to be a guest. Rough winds delayed the 1st tournament, If a rain date is held a mass e-mail will be sent.

Fundraiser Committee: This year profits approximately \$4,600. Plans in the works for next year. So far changes would be a \$5.00 raffle for 2 chances for a rod & reel. Giving earlier notice to Kenosha area business' for their hopeful contribution budgets.

Sunshine Committee: Past member/President, Bob Schultz passed away in Arizona, his wife will be holding a memorial for him at Southport on June 15th at 5:30. Jerry Vigansky had Mark Kummerow as May's guest speaker. Shore and off shore fishing techniques. Mark shown the Bud Diver and spoke of Okuma's gear, including a new 6:1 reel. Raised a few eyebrows!

Supporting & General Membership Committee: As of May there are 60 members and 35 sponsors. The KSFCA has hats for sale for \$15.00.

Rearing Pond Committee: First we need to say thank You to John Ernst and Boy Scout Troop 591 for helping with the care of our fingerlings and assisting with the Fish-N-Fun. Please see pages 6 and 7 for pictures and release information. One or two weeks prior release, we were loosing up to 200 fish a day, a fungus is suspect, however a dike slipped and about 10,000 were released to the Pike. Not to despair though, after that we only lost 3 to 5 a day. Committee members believe the fish survived for the water difference between the river and pond was 2 degrees. Rumor is too many fish in one bay, of four. Possibly not enough water exchange for that particular area. Our seasoned veterans committee members are on this. The release went very well. In the mean time **the best wood to use for the dikes is "Yellow Pine" a expensive wood.** If any one knows anyone that may have some stashed in their barn or wherever please contact a Rearing Pond Committee Member. Walter Kreuser will look into grants for a permanent roof over the Pond.

Pike River Committee: No development information at this time.

Fly Tying Committee: The board approved the purchase of a video camera for Jack's tying. I am sure he will put it to good use and all students will get a good view.

Publication Committee: Please e-mail pbjuga@yahoo.com if you have any stories or recipes you wish to submit. Items or services you wish to sell or buy also can go into the classifieds.

Latest News: Mike Williams accepted a 3 year board position.

2011 Kid's Fish-N-Fun

The event turned out better than expected. The threat of rain all day never panned out, however the wind switched off the Lake and cooled things off considerably. We hosted a little over 100 visitors.

After families registered they went through several classes. We had "Doc" go over fishing techniques and safety was a main topic. He was patient and got the children involved. The DNR had a presentation with Doc. Actually quite impressive. Bob DeAngelis had a presentation about bait and when to use them. Jack Springer held a casting class then the children could receive their rod and reel.

Jim Davis and committee members Lynn Davis, Mike Williams and Tim Leiting had plenty of help from cook Jerry Hanks and Todd Laba, Steve Mueller and wife, Mark Hasenberg, Jim Nordstrom, Jack Springer, Jerry Vigansky and others too.

Tables, rods and food preparation went flawless and quickly with the efficient crew.

I visited a few families and took some pic's. Everyone was glad to be there despite the cool wind. Everyone I talked to appreciated our efforts for the children.

There has always been very Supportive organizations and individuals whom annually donate monies specifically toward this event. Some donate anonymously.

Please take the time to look through the pic's and visualize the excitement of many anticipated "catches". As

Monthly Contest Rules

The monthly contest is season long with prizes awarded for the three largest fish in each species monthly. All awards and checks will be handed out once a year at the annual awards banquet. The standings of this contest are also used to establish the Master Angler of the Year. All club members are encouraged to participate.

- Monthly contest starts May 1st and ends September 30th.
- Anglers must be a club member and have joined at least 2 days prior weigh in.
- All fish must be caught in Lake Michigan and comply with all DNR regulations
- All fish must be at least 16 inches in length.
- All fish must be registered at Haborside Bait and Tackle.
- Fish caught and weighed at the monthly tournament will be automatically entered into the monthly contest.
- A fish may be kept overnight for weigh-in if the next day is in the same month.
- Awards for the top 3 fish of each species will be announced at he monthly meeting's and in the newsletter.
- Cash awards will be given out at the awards banquet.
- Controversy shall be settled by the Contest Committee. The committee will act upon any protest submitted in writing. Resolution of any controversy is the decision of the contest committee whose decision is final.
- Points are awarded for the top 3 fish of each species. These points are totaled at the end of the year to establish Maser Angler of the Year.

First Place: 5 points with a cash award of \$20.00
 Second Place: 3 points with a cash award of \$15.00
 Third Place: 2 points with a cash award of \$10.00

There are many months where there are only 1 or 2 fish entered in a category. So take the time to register your fish.

Monthly Tournament Rules

- Drop lines at 5:30A.M. Club members may call in no later than 6:00 AM on channel 8.
- Non members must sign up at Harborside Bait and Tackle or with a committee member.
- Contestants may use up to 9 rods per boat.
- Pull lines at 11:00 A.M. Weigh in at 11:30, radio in once in the harbor.
- Member fee \$20:00 and \$5:00 big fish. Non Member entry fees will be (\$30.00 + \$5.00 for big fish.)

Prizes to be awarded as follows:

- Weigh in your best 10.
- 10 points per fish.
- 1 point per pound.
- 10 points per "registered" guest assigned with committee.
- All Wisconsin fishing regulations apply. Any citations issued by the DNR or Coast Guard will cause automatic disqualification.

All prizes to be awarded at the Fish Fry following the tournament.

- 2011 Contest Dates:
- Sunday May 15th
- Sunday June 12th
- Sunday August 8th
- Sunday September 18th

There is a fish fry after every monthly tournament. Fresh salmon and Trout are served along with extra's. Everyone is welcome to this event, even if you don't participate in the tournament. Bring your family, friends and any perspective members.

fishin' report 5-12-11 They are finally getting fish on the big lake. Most guys actually ran into a couple of schools of Cohos over the weekend. Mostly south and inside, (around 40ft.). Some of the "less" professional of the group are still getting limits. Of course mostly Cohos, but also nice Kings are showing up.

Some in the area of 20lbs. Basically everyone fishing inside 100 is catching fish. Delavan is still going strong. I will be trying to get to Fremont on the 19th, and possibly on the 26th, but the 26th may actually be the first trip. I only have a week to get my boat ready. That's all the news for now-Bob.

fishin' report 5-17-11 Miserable weather has basically shut down fishing here on the big lake. Friday was the last good day. Mike W. aka Hawkeye got 14. Saturday was rain and wind. Sun. was rain and wind. Mon. wind and cold, and the same goes for today. Fish were out there in big numbers when it was last fishable. In close like they're supposed to be this time of year. Perch fishing has obviously been non-existent as well because of the weather. Here, the water is dirty out to 44ft. That report came from Minnie Al who actually ventured out this morning because he couldn't talk his customers into not going. He was here on dry land by 6:am, so they must have gotten enough of the bouncing early. Not much going on inland either.

A Little Work Equals A Little Play Time

An Outing for the Boy Scout's that assisted with the rearing pond and Kid's Fish-N-Fun has been set for July 30 with a rain date of the 31st.

There are seven Boy scouts with five leaders, so only 4 boats needed and the board is pretty sure 3 are going already, with cook-out to follow, hours 6AM to noon.

Capt. Mike Williams
Cell: 312-969-4544
Tel: 262-764-2065

Kenosha Sports Fishing And Conservation Association Announces **Mike Williams**, A well known member has taken classes and passed his USCG Master's Captain License exam in March of 2011.

Please note his card above.
Congratulations' !

As we chatted at the boats on a terribly windy Saturday Mike mentioned that **it is a law** to have cable cutters available with your downrigger's. Because of the accident last year with gear getting caught up in trapping nets causing a death. One can argue all they want, it is not a bad idea. I had to pass on this information. Thanks for the reminder Mike.

15 minute marinate Grilled salmon with orange & sesame glaze

Recipe From the GLA Web site

I found a recipe that got the proverbial wheels turning. I would give this one an A-; possibly an A. Here is what I used: 2 lbs boneless, skinless, 'defatted' salmon fillets* 1/2 c orange marmalade* 2 t sesame oil* 2 t soy sauce (could probably substitute about 1 t salt)* 1/2 t grated ginger* 1 clove of finely chopped garlic (or ~1t garlic powder) * 2 T rice vinegar * 1/4 c toasted sesame seeds. Combine the above and marinate the fish for about 15-20 minutes. I don't recommend marinating much longer than this - the acid in the OJ and vinegar work to 'cook' the fish before you ever put it on the grill. I grill my salmon in a fish basket. SAVE the left-over marinade! Place the loaded fish basket on the grill (preheated to low/medium heat) and cook for approximately 5 minutes. Flip the fish basket and using a clean paint brush (or other BBQ sauce application device), slather the grilled side of the salmon with the left-over marinade. Grill the undone side for about 5 minutes, then flip for about a minute to bake in the marinade glaze you just applied to the other side... apply the rest of the marinade with brush and flip again for about a minute... done. I will probably add just a little brown sugar (somewhere around 1/2 T) to the marinade to help take away the acidity that came through in the finished product... but as listed above, this one came out DAMN good.

Rearing Pond Release May 11th

Notification's set for the release on Thursday had us all worried about the weather conditions. Same as the Fish-N-Fun the rain held off.

The fingerling "Kings" were delivered at 126 to a pound. At their release they weighed average 60 per pound. Nice to see them double and look very active.

There was plenty of help and interested parties present. Mark Hasenberg, John Larsen, Tim Szymansky were responsible for the care of them. The release went smoothly with the help of some "youth's" present.

Slight overcast, comfortable temperatures and plenty of food to go around. As the fingerlings reached the Pike, you could see many jumping. Did not see a one "belly up". Better yet I seen no birds hovering the river area. I vision a excellent transfer.

During the transfer from one section to another the massive swarms were so impressive. Hard to imagine the size they have yet to become.

Many visitor's named a few and welcome them back in a few years. Named a few myself.

A few new faces were yielding boots and squeegees' and herding the King's, working hard and with the biggest smiles.

With the wisdom of the elders, and I do mean elders combined with the stamina of the youth, the teamwork was something any coach would be proud of.

Please enjoy the pictures on this and the following page. This is also a proper time to thank all who have trusted and invested in our efforts. Both area business', the Racine Salmon Unlimited and all of the individual donors. Thank You.
